Report of Finance Committee  
For Fiscal Year  
Ended June 30, 1941

ANNVILLE, PENNSYLVANIA

Presented to the Board of Trustees at their  
Meeting Nov. 1, 1941

A Supplement to this report giving figures for the  
school year 1941-42, to May 31, 1942  
will be submitted to the Board at its meeting on June 12, 1942

Entered as Second-Class matter at Annville, Pa., under the Act of August 24, 1912

*To the Members of the Board of Trustees of Lebanon Valley College:*

The Finance Committee presents the following report of the business operations of the College for the fiscal year ending June 30, 1941:

The income for the year has been somewhat above the cost of operation. This fact must be gratifying to you in view of the uncertainties experienced by all institutions during the last twelve months. The number of full time students was less by thirty-seven than the previous year, which materially reduced the income.

This report shows the total income to be \$223,086.43, the expenses to be \$214,151.08 with a net profit before deducting additions to plant from current funds of \$8,935.35. Plant additions paid out of current funds amounted to \$13,253.44. The net loss after deducting additions to plant from current funds is therefore found to be \$4,318.09, which is the amount by which the deficit is increased in the year covered by this report.

Included in the additions to plant are two properties on Sheridan Avenue which together cost nearly \$9,000.00. The balance of plant additions are made up mainly of purchases of equipment for the Physics Department, the Chemistry Department, the Music School and the library.

The activities of the Finance Committee were reported upon in detail at the June meeting of the Board, when the minutes of all the meetings held were read. It has been very difficult at times to determine the best procedure to follow in order to keep the income at a maximum and at the same time invest endowment funds in securities whose values would be likely to appreciate when we once again return to normal financial conditions.

At the time of this report the percentage of bonds in the endowment investment had increased from 36.41% a year ago to 43.92%; preferred stock increased from 8.81% to 12.36%; common stocks decreased from 46.40% to 35.56%.

Notwithstanding the fact that a considerable portion of our endowment consists of Farms and Publishing House bonds, the rate of income for the past year was 4.09%.

## AUDITING COMMITTEE REPORT

To the Board of Trustees of Lebanon Valley College:

GENTLEMEN:—As has been the case for a number of years past, your auditing committee secured the services of a certified public accountant to audit the accounts of S. H. Derickson, Treasurer of the College.

The audit was made by Charles E. Procasco, C. P. A., of Harrisburg.

We submit as our report his certification, which follows:

H. E. Schaeffer

I. S. Ernst

J. E. Oliver

Committee

## REPORT OF THE AUDITOR

Board of Trustees,  
Lebanon Valley College,  
Annville, Pennsylvania.

GENTLEMEN:

I have made an examination of the accounts of Lebanon Valley College for the year ended June 30, 1941 also the balance sheet, profit and loss and relative statements included in the foregoing report of your Finance Committee.

In connection therewith, cash receipts and disbursements for all funds were audited and cash balances confirmed. Notes and accounts receivable were not confirmed but verified, and are shown at book values, with adequate reserve provisions for uncollectibility of the latter. Investments were examined or otherwise accounted for, and are stated in the aggregate at an amount equivalent to the book value of the funds which they represent. Plant additions were determined to be proper capital charges.

Notes payable were confirmed and all other ascertainable liabilities computed and included in the accompanying balance sheet.

In addition thereto, I made a review of the accounting procedures of the College and examined or tested accounting records and other supporting evidence by methods and to the extent deemed appropriate, but did not make a detailed audit of the transactions.

Based upon such examination and subject to the foregoing, I hereby certify that the balance sheet, profit and loss and relative statements fairly present, in accordance with accepted principles of accounting consistently maintained during the year under review, the financial position of Lebanon Valley College at June 30, 1941, and the results of its operations for the year ended that date.

Respectfully submitted,

C. E. Procasco,

Certified Public Accountant

Harrisburg, Pennsylvania  
August 22, 1941
